SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-10 was the 45th year that J.L. Mann High School opened its doors to the children of our community and it was a very successful year for our students. We are proud to report that we had four students earn recognition as National Merit Scholars and three students receive National Merit Letters of Recommendation. Approximately 39% of our students were eligible for LIFE scholarships and J.L. Mann High School was named as one of Newsweek's Best High Schools for 2010.

This was our second year in the new school building and many projects initiated last year came to fruition this year. One such project is the Patriot Memorial Learning Garden. We broke ground this year and hope that it will be available for teachers and students to use next year.

We introduced the Alive at 25 driver education program to J.L. Mann High School this school year. Alive at 25 is a program designed to keep young adult drivers safe on the roads and highways and has proven to reduce the number of fatalities in the 18 to 25 age group. Students are required to take this course before they are given access to parking on school grounds in an effort to promote safe driving habits.

The school-wide goals for 2009-2010 were established with input from the School Improvement Council, the Student Achievement Leadership Team and teacher-led school subcommittees. The goals included implementing a higher emphasis on student literacy through instruction and other programs, expansion of an extra help program provided by the teachers, and improving our student guidance and advisory system.

A new program was started this year called Drop Everything and Read or "DEAR." This program was designed to allow for ten minutes of reading every day in fourth period classes. Students read everything from books to magazine articles and even the newspaper. Another program designed to improve student achievement was our mentoring program, which provided some of our neediest students with additional, adult support.

Our student athletes excelled this year as well. The girls' track team won the state championship for the sixth time in a row, our girls' softball team won state for the second year in a row, and boys' soccer won their state championship as well. Boys' baseball won the region championship for the first time in school history. □

As we plan for next year, J. L. Mann High School will continue to offer a rigorous and diverse curriculum for all students and a variety of extracurricular activities, including an award-winning athletics program.
